Tax Cap Legislation

Property Tax Cap - Summary

- Tax cap limits total levy set by local governments, not assessed value or tax rate.
- Generally, local governments and school districts may not adopt a budget that requires a tax levy that exceeds the prior year's levy by more than 2% **OR** the rate of inflation, **whichever is less**, unless they officially override.

Tax Cap Legislation

Calculation Involves Several Components

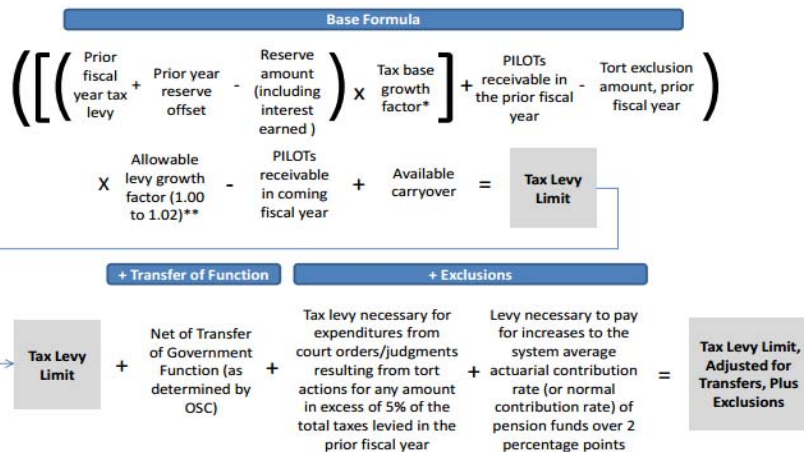

- Prior Year Levy
- Tax Base Growth Factor
- Allowable Levy Growth Factor – 2% or rate of inflation, whichever is less
- Payments in Lieu of Taxes (PILOTs)
- Available Carryover
- Transfers of Function
- Exclusions (Retirement & Tort Costs)

Tax Cap Legislation

Override

- The law allows local governments to override the levy limit.
- A village must enact a local law to override before budget adoption.
 - The local law must contain language that clearly overrides the levy limit.
- The governing board must approve by at least 60% of voting power (e.g., 3 out of 5).

Tax Cap Legislation

Consequences of Exceeding the Limit

- If a village levies more than the tax levy limit without an override, the village must place the excess amount in a reserve.
 - Must be an interest-bearing account.
 - Must be used to offset the tax levy the following fiscal year.
- If, prior to adoption of the budget, the village board successfully passed an override local law, no reserve is required.

NYS COMPTROLLER
THOMAS P. DiNAPOLI

11

Common Errors

- Failure to file the Tax Cap Form in the OSC's Online Services Filing System
 - Local governments that fail to complete or submit a form are more likely to adopt a levy that exceeds the limit.
- Filing errors on the Tax Cap form
 - Prior year/coming year tax levy
 - Adjustments for omitted taxes
 - Benefit assessments vs. user fees
 - Other data entry elements
 - PILOTs receivable
 - Tax cap reserve

NYS COMPTROLLER
THOMAS P. DiNAPOLI

12

Common Errors Omitted Taxes

- “Omitted Taxes” refers to property tax adjustments billed on a subsequent tax roll.
 - Changes in property ownership can result in a reduction in allowable exemptions.
 - New owner is responsible for any additional prorated tax using the revised exemptions and preceding year tax rates.
 - Omitted Taxes could affect your Tax Cap Levy, depending if the amount was considered during the budgeting process.

Common Errors

Special Assessment vs. User Fee

- Services such as water, sewer and refuse collection may be funded through the following:
 - Special assessments (benefit assessments) and special ad valorem levies, which are based on the benefit to property and subject to the levy limit.
 - User fees (contractual charges): based on consumption and not subject to the levy limit.
- Consult your attorney or call us if you have difficulty making the distinction.

NYS COMPTROLLER

16

Reporting Requirements

Who Must File Property Tax Data with OSC?

- Counties
- Cities (except NYC)
- Towns
- Villages
- Fire Districts
- Independent School Districts
- Special Districts that have a separately elected or independently appointed board and can either tax or require a tax to be levied on their behalf.

NYS COMPTROLLER

Step 1 of 15 - Prior Year Real Property Tax Levy

Prior year levy is the total amount that was levied on the tax rolls for the prior year. Determining which items to include in the levy figure can be complicated. If you are unsure, consult the guidance below.

How to Determine Your Prior Year Levy

The amount levied for the prior fiscal year should be taken directly from the tax roll reflecting the following:

- Real property taxes levied for your local government's purposes
- Adjustments for chargebacks
- Omitted taxes (e.g., removal of a tax exemption and addition of prorated taxes)
- Tax levy for all dependent special districts

User fees and re-levy amounts are not included in the prior-year levy calculation.

For more detailed information on how the items listed above are used in the tax levy calculation, please refer to the [Tax Cap Instructions](#) or call us at (866) 321-8503, option 3.

Prior Year Real Property Tax Levy

According to the 2021 Tax Cap Form, the local government's proposed levy for the fiscal year ending 2021 was **\$132,183**

Does the proposed levy amount equal the amount actually levied?

- ☒ Yes, \$132,183 was the actual amount levied for the fiscal year ending 2021.
- ☐ No, the proposed levy differs from the actual amount levied. I will provide the actual amount levied for the fiscal year ending 2021.

Prior Year Real Property Tax Levy

According to the 2021 Tax Cap Form, the local government's proposed levy for the fiscal year ending 2021 was **\$132,183**

Does the proposed levy amount equal the amount actually levied?

- ☒ Yes, \$132,183 was the actual amount levied for the fiscal year ending 2021.
- ☐ No, the proposed levy differs from the actual amount levied. I will provide the actual amount levied for the fiscal year ending 2021.

NYS COMPTROLLER

26

Step 2 of 15 - Tax Cap Reserve

Only necessary if your locality exceeded the tax levy limit in the prior year without an override.

What is a Tax Cap Reserve?

The Tax Cap Reserve is the amount that your local government or school district placed in reserve (including accrued interest) for exceeding the tax cap in the prior fiscal year without an appropriate override. When an excess tax levy has been set aside in reserve, the law requires that the excess levy plus any interest earned must be used to offset the tax levy for the coming fiscal year. **Note: This reserve should not include reserves for purposes other than tax cap.**

What is a Tax Cap Reserve Offset?

The Tax Cap Reserve Offset is the amount that was used to reduce the prior year's levy as a result of exceeding the tax cap. This amount is used to restore that reduction from the prior year to bring the local government or school district's prior year levy back to the base amount. For more information, please refer to our [Tax Cap Instructions for Local Governments](#) or [Tax Cap Instructions for School Districts](#)

Please provide the following...

Did your local government exceed the 2021 Tax Levy Limit without an override?

☒ Yes

☐ No

Step 3 of 15 - Growth Factors

The Tax Base Growth Factor and Allowable Levy Growth Factor are provided below, if available.

What is a Tax Base Growth Factor?

The Tax Base Growth Factor is derived using a "quantity change factor," which is calculated by the Department of Taxation and Finance. Please contact the Tax and Finance Solutions Center at (518) 591-5233 with any questions on how this figure is calculated.

For more information, visit [Taxation and Finance](#).

What is an Allowable Levy Growth Factor?

The Allowable Levy Growth Factor is equal to one plus the smaller of 2 percent or the inflationary change using the Consumer Price Index, but is never less than one. This figure is calculated by OSC.

For more information, visit [Allowable Levy Growth Factors](#).

Step 4 of 15 - Payments in Lieu of Taxes (PILOTs)

PILOT amounts should reflect what is/was expected to be collected during the fiscal year, not what is/was actually collected. These amounts should be based upon your PILOT agreements/schedules.

What is a PILOT?

A PILOT generally refers to payments made pursuant to statute or contract to taxing jurisdictions equal to the amount, or portion of the amount, of real property taxes that would have been levied by or on behalf of the taxing jurisdiction if the real property was not tax exempt. PILOTs are often included as part of an IDA agreement with a commercial or industrial project that is receiving financial assistance for the duration of the project. The property is typically taken off the tax roll and payments in lieu of taxes are made instead.

Please provide the following...

Does your local government have PILOTs Receivable in the coming or prior fiscal year?

- ☒ Yes
☐ No

Prior Year PILOTs Receivable

This amount should not change to reflect what was actually collected for PILOT payments. You may, however, modify this prior year figure in order to rectify a material error.

According to your prior year Tax Cap Form, your PILOTs Receivable for the fiscal year ending 2021 was \$0.

- ☒ \$0 is the correct PILOT amount for the fiscal year ending 2021.
☐ Due to a material error, I need to modify the PILOT amount for the fiscal year ending 2021.

NYS COMPTROLLER
THOMAS P. DiNAPOLI

Step 5 of 15 - Torts

A portion of the costs resulting from court orders or judgments arising out of tort actions may be excludable from the tax levy limit. In general, tort actions do not include tax certiorari claims, contract claims, or administrative consent orders.

What is a Tort Exclusion?

A tax levy necessary for expenditures resulting from court orders or judgments against the local government or school district arising out of tort actions may be excluded from the tax levy limit for any amount that exceeds 5 percent of the total tax levied in the prior fiscal year. In general, a tort action involves a claim for personal injury and/or property damage made against a local government or school district. These exclusions are not common and generally do not include items such as tax certiorari, contract claims, administrative consent orders, etc.

As noted, this exclusion is applicable only if the tax levy necessary to pay the annual debt service associated with bonds or notes issued for, or the total payment budgeted to pay for, the tort order or judgment exceeds 5 percent of the prior year's levy. The exclusion will not carry forward to the calculation page if the amount does not exceed 5 percent of the prior year's levy.

Exclusions used to increase your current year tax levy limit are good only for one year and will therefore be subtracted from your tax levy limit when you file next year's form.

Prior Year Tort Exclusion

Your fiscal year ending 2021 tort exclusion of \$0 has been used to reduce your current year levy limit calculation.

This amount is based on your fiscal year ending 2021 Tax Cap Form.

To make any adjustments to this amount, you would need to resubmit your 2021 Form. Please contact our office at (866)321-8503 for assistance.
