Report Highlights

Town of Castile

Audit Objective

Determine whether the Town of Castile (Town) Town Clerk/Tax Collector (Clerk) remitted all collections as required by New York State Town Law (Town Law).

Key Findings

The Clerk did not remit collections to the Town Supervisor (Supervisor) and Wyoming County (County) Treasurer within the timeframes established by Town Law Section 35. As a result, funds were not provided to finance Town and County operations in a timely manner.

- The Clerk did not remit taxes totaling approximately \$1.3 million to the Supervisor at least weekly and as required by Town Law.
- The Clerk made one payment totaling approximately \$2.8 million to the County Treasurer in April 2024 instead of paying three separate required payments totaling approximately \$2.5 million in February, \$132,877 in March and \$107,896 in April.
- The Town Board (Board) did not audit the Clerk’s records as required and, as a result, did not know that the Clerk was incorrectly remitting collections to the Supervisor and County Treasurer.

Key Recommendations

The audit report includes two recommendations that, if implemented, will improve the Town’s tax collection practices.

Town officials agreed with our recommendations and indicated they planned to initiate corrective action.

Audit Period

January 1, 2024 – September 23, 2024

Background

The Town is located in Wyoming County and is governed by the elected five-member Board, which includes the Supervisor.

The Board is responsible for overseeing Town finances and operations, including overseeing the appointed Clerk’s operations. Also, the Board is required by Town Law Section 123 to conduct an annual audit of the Clerk’s records.

The Clerk serves as the Town’s tax collector and is responsible for collecting and remitting Town and County real property taxes to the Supervisor and County Treasurer.

The Clerk collects real property taxes from January 1 through March 31 each year. After that, the County collects any overdue taxes.

Tax Collections

What Are the Remittance Requirements of Town Law?

Town Law Section 35 requires a tax collector to remit collections (including any interest and penalties, received and deposited) to the town supervisor at least once each week, or at more frequent times as may be specified by a resolution of a town board, until the town's portion of the real property tax levy is paid in full. After the town's portion of the warrant is fully collected and remitted, Town Law Section 35 also requires the tax collector to remit all additional tax collections to the county treasurer no later than the 15th day of each month following the date of receipt. When collections are not remitted as required, funds will not be available to finance operations, and they can be at risk of being lost, stolen or used for unauthorized purposes.

Collections Were Not Remitted as Required

We reviewed all tax collection remittances totaling approximately \$4.1 million made to the Supervisor and County Treasurer for the 2024 fiscal year and determined that the Clerk did not make remittances in accordance with Town Law. The Clerk should have made weekly remittances until the Town's portion of the real property tax levy was satisfied. Therefore, the Clerk should have remitted four payments to the Supervisor in January 2024. Instead, the Clerk remitted three payments totaling \$1,345,362 to the Supervisor on February 1, 2024.

In addition, with the Town's portion of the tax levy being satisfied, the Clerk should have remitted \$2,520,404 to the County Treasurer by February 15, 2024, \$132,877 by March 15, 2024 and \$107,896 by April 15, 2024, with the last one being a final settlement payment. Instead, the Clerk made one single payment totaling \$2,761,177 to the County Treasurer on April 10, 2024.

The Clerk told us that she did not remit collections to the Supervisor as required because she did not know when payments to the Supervisor should have been made. She also told us that she did not remit collections to the County Treasurer as required because previous County employees said it was not necessary. However, the Clerk could not provide us with any written documentation to support this claim. Regardless, the County Treasurer gave the Clerk specific written instructions at the beginning of the 2024 collection cycle that included the required deadlines for remittances to the Supervisor and County Treasurer. Therefore, the Clerk was aware of the statutory deadlines and should have made remittances as required.

In addition, the Supervisor told us that he and the Board reviewed the Clerk's records to satisfy the annual audit requirements of Town Law Section 123. However, the Supervisor and the Board did not know exactly what they should be looking for, and they were unaware that the Clerk was incorrectly remitting collections to the Supervisor and County Treasurer. Furthermore, the Supervisor and one Board member told us that they did not take any formal training on the Clerk's fiduciary requirements and were unfamiliar with OSC's publication *Local Government Management Guide – Fiscal Oversight Responsibilities of the Governing Board* (Figure 1) which discusses the Board's audit responsibilities and provides guidance and resources for conducting an audit of the Clerk's records.

Because the Clerk did not remit collections as required, funds were not available to finance Town and County operations in a timely manner. Also, the delays increased the risk that the funds could be lost, stolen or used for unauthorized purposes.

What Do We Recommend?

The Supervisor and Board should:

1. Review the publication linked in this report to become more familiar with their required audit responsibilities and what the annual audit should include.

The Clerk should:

2. Remit collections to the Supervisor and County Treasurer within the timeframes established by Town Law.

Appendix B: Audit Methodology and Standards

We conducted this audit pursuant to Article V, Section 1 of the State Constitution and the State Comptroller's authority as set forth in Article 3 of the New York State General Municipal Law. We obtained an understanding of internal controls that we deemed significant within the context of the audit objective and assessed those controls. Information related to the scope of our work on internal controls, as well as the work performed in our audit procedures to achieve the audit objective and obtain valid audit evidence, included the following:

- We interviewed Town officials who were responsible for the tax collection remittance process. We also reviewed the Board's meeting minutes and tax collection documentation to gain an understanding of the remittance process.
- We reviewed the 2024 tax warrant issued by the County to determine the Town's share of the total tax warrant.
- We interviewed Board members and the Clerk and reviewed the Board's meeting minutes to determine whether an annual audit of the Clerk's records was conducted.
- We reviewed all tax collection receipts (receiver's stubs) for the 2024 collection cycle and corresponding deposit receipts to determine how much was collected and when it was deposited. We compiled and listed these collections by date collected to determine when payments should have been made to the Supervisor and County Treasurer.
- We calculated when the Town's share of the tax warrant could have been satisfied, when payments to the County Treasurer could have taken place and the amount that the payments should have been.
- We reviewed the Clerk's 2024 bank statements, including canceled check images, to determine the amount and dates of payments issued to the Supervisor and County Treasurer.

We conducted this performance audit in accordance with generally accepted government auditing standards (GAGAS). Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

The Board has the responsibility to initiate corrective action. A written corrective action plan (CAP) that addresses the findings and recommendations in this report should be prepared and provided to our office within 90 days, pursuant to Section 35 of General Municipal Law. For more information on preparing and filing your CAP, please refer to our brochure, *Responding to an OSC Audit Report*, which you received with the draft audit report. We encourage the Board to make the CAP available for public review in the Clerk's office.
