

Thomas P. DiNapoli, State Comptroller

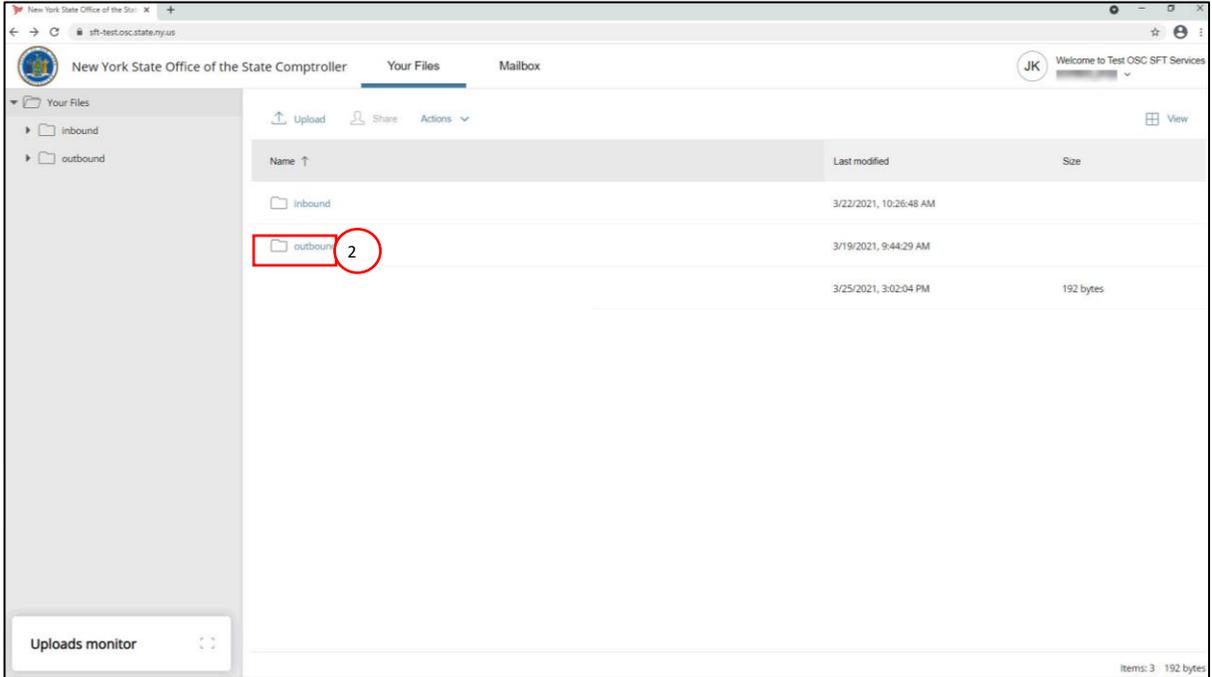

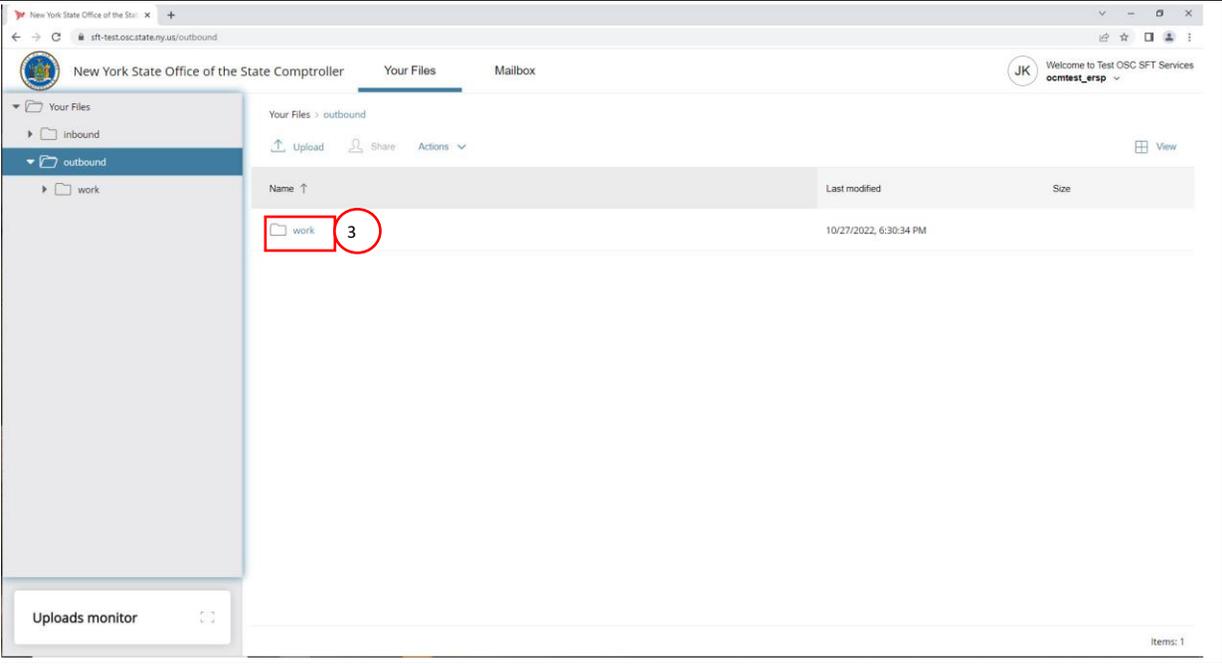

How To Retrieve a .txt file from NYSLRS using the OSC Secure File Transfer Services Interface

This job aid shows you (a participating organization) how to use the OSC Secure File Transfer Services Interface in order to properly retrieve an outbound .txt file from NYSLRS.

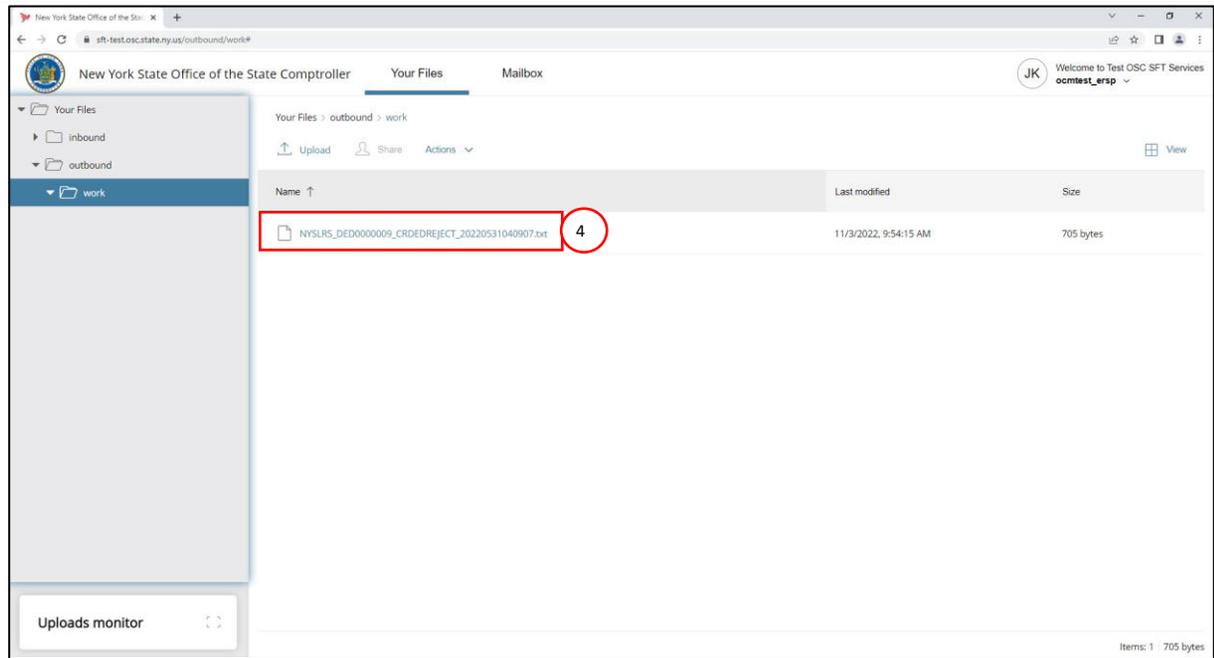

Step	Action
<p>1</p>	<p>Access the OSC Secure File Transfer Interface Login Screen. Enter your organization's username. Click the Sign In button.</p> <p>Note: Each organization will have one account to share amongst all of those individuals who will be using it. The username and password should be shared with anyone within the organization who will be submitting files on behalf of the organization.</p> <p>For password and login assistance, please contact NYSLRSVendor@osc.ny.gov. Your request must come from one of your organization's identified Business or Technical contacts. Your request should include the following information: organization name, Secure File Transfer Service Account name (_ersp account), and Vendor ID (DED0000##).</p>

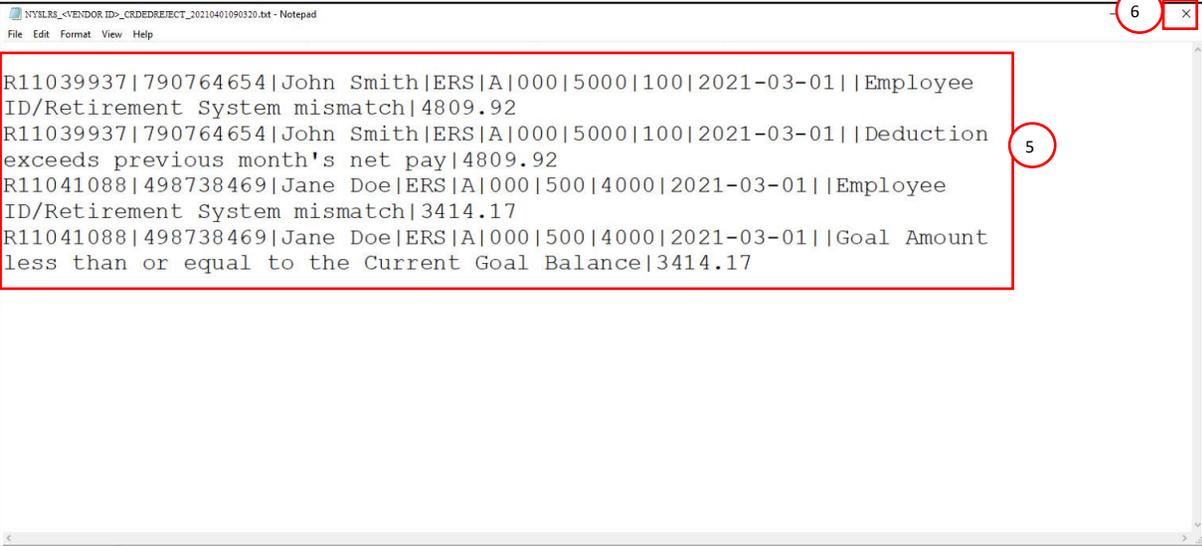

Step	Action												
<p>2</p>	<p>Any outbound files sent from NYSLRS to your organization will appear in your Outbound folder.</p> <p>Click on the Outbound folder.</p> <div data-bbox="312 537 491 597" style="border: 1px solid black; padding: 5px; margin: 10px 0;">  outbound </div>  <p>The screenshot shows a web interface for the New York State Office of the State Comptroller. On the left, there is a sidebar with 'Your Files' containing 'inbound' and 'outbound' folders. The 'outbound' folder is highlighted with a red box and a circled '2'. The main area shows a table of files with columns for Name, Last modified, and Size. The table contains three entries:</p> <table border="1" data-bbox="953 396 1906 558"> <thead> <tr> <th>Name</th> <th>Last modified</th> <th>Size</th> </tr> </thead> <tbody> <tr> <td>inbound</td> <td>3/22/2021, 10:26:48 AM</td> <td></td> </tr> <tr> <td>outbound</td> <td>3/19/2021, 9:44:29 AM</td> <td></td> </tr> <tr> <td></td> <td>3/25/2021, 3:02:04 PM</td> <td>192 bytes</td> </tr> </tbody> </table> <p>At the bottom of the interface, there is an 'Uploads monitor' section and a status bar indicating 'Items: 3 192 bytes'.</p>	Name	Last modified	Size	inbound	3/22/2021, 10:26:48 AM		outbound	3/19/2021, 9:44:29 AM			3/25/2021, 3:02:04 PM	192 bytes
Name	Last modified	Size											
inbound	3/22/2021, 10:26:48 AM												
outbound	3/19/2021, 9:44:29 AM												
	3/25/2021, 3:02:04 PM	192 bytes											

Step	Action
3	<p data-bbox="310 256 611 282">Click on the Work folder.</p> <div data-bbox="310 321 449 383"></div> 

Step	Action
<p data-bbox="220 251 268 289">4</p>	<p data-bbox="306 251 604 354">Each file will be a .txt file and will have a specific naming convention.</p> <p data-bbox="306 396 569 459">The four types of files NYSLRS will send are:</p> <ol data-bbox="333 467 653 743" style="list-style-type: none"> 1. Credits and Deductions Rejections File 2. Credits and Deductions Confirmations File 3. Credits and Deductions Recoveries File 4. Suspended and Terminated Payees File <p data-bbox="306 786 642 849">Click on the appropriate file to open it.</p> <p data-bbox="306 894 646 992">Note: Files are automatically deleted after 7 calendar days.</p> <p data-bbox="306 1000 653 1138">It is strongly recommended that you save the file to a folder on your computer in a timely manner.</p> <p data-bbox="306 1180 615 1385">For more detailed information of what each file will contain and look like, please reference the NYSLRS Outbound Files section of this guide.</p>

Step	Action
<p>5</p>	<p>Review the file.</p> <p>Note: The file name will alert you to the type of file NYSLRS sent. Reference the NYSLRS Outbound Files section of this guide for more information.</p> <p>In the event you receive a Credits and Deductions Rejection file, further actions or corrections will be required. You will need to submit a new .txt file to NYSLRS with the corrections.</p> 
<p>6</p>	<p>Click the “X” to close the file.</p> <p>You have now successfully retrieved a file using the OSC Secure File Transfer Interface.</p>
