Re: Selected Payments for Special Items
Made to St. Francis Hospital of
Poughkeepsie from January 1, 2011
through March 31, 2011
Report 2012-S-63

Dear Mr. O'Malley:

We audited a selected claim payment made by Empire BlueCross BlueShield (Empire) to the St. Francis Hospital of Poughkeepsie (St. Francis) on behalf of the New York State Health Insurance Program (NYSHIP). This report is part of a series of audits of Empire's payments to selected hospitals for "special items" during the three months ended March 31, 2011. This audit was performed in accordance with the State Comptroller's authority as set forth in Article V, Section 1 of the State Constitution and Article II, Section 8 of the State Finance Law.

Background

NYSHIP provides health insurance coverage to active and retired State, participating local government and school district employees and their dependents. The Empire Plan (Plan) is the primary health benefits plan for NYSHIP. The Department of Civil Service contracts with Empire to administer the hospitalization portion of the Plan. Empire processes Plan claims for hospital services in accordance with agreements they negotiate with member hospitals, including St. Francis. These agreements generally provide for payment of specific rates for covered services. The agreements may also provide a different payment basis for certain special items (such as implants, drugs and blood) related to such services. Empire's contract with St. Francis establishes that claims for special items should be related to the costs to acquire them.

Results of Audit

We reviewed one claim payment for special items and determined Empire paid St. Francis appropriately according to the terms of Empire's agreement with St. Francis.

Audit Scope, Objective and Methodology

Our objective was to determine if Empire's payments to St. Francis for special items were made according to the provisions of the agreement between Empire and St. Francis. We audited one claim payment for rate exception items that Empire paid to St. Francis during the period from January 1, 2011 through March 31, 2011.

We conducted our performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

In addition to being the State Auditor, the Comptroller performs certain other constitutionally and statutorily mandated duties as the chief fiscal officer of New York State. These include operating the State's accounting systems; preparing the State's financial statements; and approving State contracts, refunds, and other payments. In addition, the Comptroller appoints members (some of whom have minority voting rights) to certain boards, commissions, and public authorities. These duties may be considered management functions for purposes of evaluating organizational independence under generally accepted government auditing standards. In our opinion, these management functions do not affect our ability to conduct independent audits of program performance.

We provided a preliminary copy of the matters addressed in this report to Empire officials for their review and comments. Their comments were considered in preparing this report.

Major contributors to this report include David Fleming, Edward Durocher, Kathleen Hotaling, Laura Brown, Andrea Dagastine and Christian Butler.

Sincerely,

Brian E. Mason
Audit Director
