Subject  Federal Fixed Tax Limitations	Bulletin No.  P-821
	Date  June 7, 1994

The federal fixed tax limitation has been increased to \$9,999.99. If a federal fixed tax must be submitted for an amount greater than \$9,999.99 on either the hard copy AC-1040 (Code 516) or the Deduction Processing On-Line System (Screen #2), please call the Payroll Planning Office at (518) 474-1246 by Wednesday of the week your payroll is due in this office.

The Deduction Processing On-Line System warning message "WARNING-EXCESS AMT", will still appear for any amounts entered that exceed \$1,000.00. This message is not a REJECT. It is a reminder to double check the accuracy of the fixed tax field.

If you have any questions, please contact the Systems Development Office at (518) 486-3068.
